LANDS MANAGEMENT

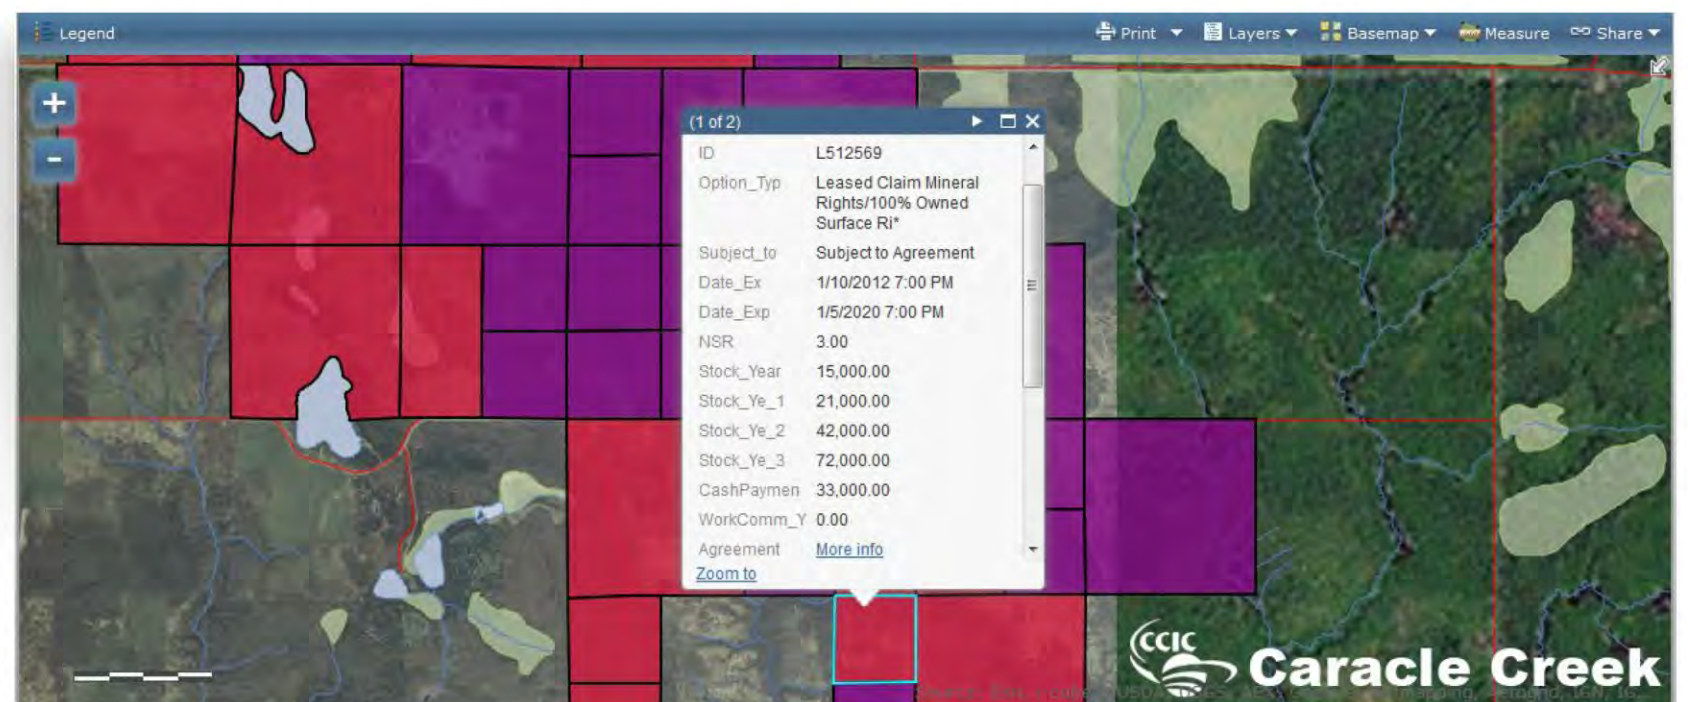

You wouldn't think about doing your taxes without an accountant, nor should you attempt to manage your land without professionals. Our land management specialists will help you protect your investment, make strategic business decisions and stay compliant with evolving regulation.

Why work with Caracle Creek?

- By keeping your lands in good standing, you secure your investment and create a stable foundation to support your business objectives
- We provide the accurate and timely info you need to make quick and strategic business decisions
- Our specialists will keep you compliant. We'll organize your information, make it readily available, and pro-actively deliver on key dates
- We'll make sure you claim all possible expenses and we administer the required fees across your land to satisfy your work commitments and optimize future options

SERVICES

- Pro-active monitoring and alerts of required actions and options
- Lands and historical work research and data compilation
- Interactive tenure attribute mapping
- Agreement summaries

Caracle Creek's interactive tenure mapping tool makes it easy for you to keep your lands in good standing. Quickly display key spatial attribute data including agreement summaries, compiled data, historical work and claim abstracts in a single view without downloading new software.

About Caracle Creek

Caracle Creek's integrated approach to geophysical and geological services means you get the info you need to make the right decisions, at a fraction of the cost.

No more hiring separate consultants for different stages of your project. Our team is innovative and agile, just like you, and our geologists, geophysicists and engineers work together to make your project successful.

Whether you engage us to manage your entire project or to simply execute a few surveys, working with Caracle Creek is the right decision.

We have offices in Canada, South Africa and the Dominican Republic ready to serve you.
